Article published on April 23rd 2012 | Business

ATM cards in Venezuela continued to grow in 2011, although in terms of transactions volume the rate of growth was lower than the review period average. ATM cards require the user to perform transactions at an ATM or POS. Venezuelans are expected to increase their electronic transactions due to the elevated crime rates and increasing occurrences of robberies of near banks or public situated ATMs. In addition debit cards and credit cards allow consumers to make payments electronically, thus...
