Best Luggage Solutions from Tumi and Samsonite by Julia Roger

Article published on August 1st 2012 | Business

With the increase in travelling, the requirement of luggage carriers has also increased enormously. Many companies are into manufacturing suitcases, luggage carriers, briefcase and so on to cater to the luggage storage need of the people. samsonite luggage is one such company which manufactures luggage and has carved a niche in the market for itself. It was started in 1910 by Jesse Shwayder and is based in United States.

Since its inception, the company has grown manifolds and is now an established brand in the market. The company has a strength of thousands of employees and is appreciated for its quality and sustainability. They have manufacturing units at various places and the brand sells all over the world. The products are durable, long lasting and can be used under any condition.

Tumi is another big name in the luggage manufacturing industry. The company tumi, Inc. was formed in 1975 by Charlie Clifford and is based in New Jersey. The brand is known for its quality and unique designs. Apart from luggage, the company also manufacture belts, electronic equipments and pens.

The uniqueness of Tumi luggage is the Tumi Tracer. The luggage is fixed with a metal plate which contains all the details of the owner. Incase one loses the bag, it can be easily traced back to the owner by using the data stored in Tumi Tracer. The bags are not only elegant to look at, but are also very comfortable to handle. Their durablityhas made them a favorite of the travelling class.
