Children illustrations are very much helpful for those who really have keen interest in reading books or can say itâ€™s a gateway to better understand the texts mentioned in the books. It has often seen that the pre-reading takes place in two different forms. One is to recite the texts again and again while other one is to look at the illustrations in the book and make a story based on that. The second method is to create a story only seeing the illustrations. They are really the first steps for children towards reading.

Illustrations are most common in childrenâ€™s books, especially in the books of preschool age children. They have been used for thousands of years to get the artist point correctly. Illustrations can add extra dimension to the original story. The visual clues expand the meaning of the texts.

Appropriate childrenâ€™s books included with illustrations win the heart of the children grabbing their attention and sustaining their interest in the text mentioned in the book.

The benefits of introducing your children to books are like opening world to their imagination and exploration. This as well helps in developing the personal skills of your children and in better preparing them to tackle the real world and problems in life. Now, letâ€™s see the benefits of childrenâ€™ books one by one:

1. It helps in building familial bonds as children spend quality time with one another.

2. It helps your child to better understand the purpose of the written word used in book.

3. It is a good way to build vocabulary in fun ways especially the meaning of shared humor.

4. It develops listening skills of your child that will translate itself into better communication skills.

5. It promotes love for literature under youâ€™ loving guidance easily transform into a love for knowledge.

6. It improves information absorption, a skill which helps in allowing your child to role in society.

It has been found that the children are impatient in reading stories. The story in the book included as illustrations automatically allows children to have a quick glance. More impact is put on children through digital illustration and cartoons etc. Therefore, a right illustration should be added in the book which matches the text.
