Have you registered your trademark?

Trademarks are highly valuable assets for companies. A trademark can be almost anything- sound, shape, a word, logo, taste, color, scent or combination of these-that distinguishes the goods or services of one party from those of another. Trademarks also assure consumers of consistent quality and thus help promote efficient competition.

Jitendra consulting Group's Trade mark Registration is one of the best Trademark Registration in Qatar and Trademark Registration in Egypt. Jitendra Intellectual property is handling all aspects of intellectual property like trademarks, patents and industrial design in UAE. Our Registered Trademark Agents are also available in other countries also, Trademark Registration in Djibouti and Trademark Registration in Iraq. We always think our customers comfortable, that's why it is our aim to make registration process easy and affordable through our step by step process. A trademark is a type of intellectual property, and typically a name, phrase word, logo, symbol, design, image and a combination of these elements. There is also a range of non-conventional trademarks containing marks, which do not fall into these normal categories.

We also provide services like trademark renewal, trademark change, trademark assignment and trademark license. Names of distinctive features, signatures, words, letters, numbers, designs, pictures, symbols, stamps, seals, vignettes and any other sign or combination of signs having a disjunctive character may be registered as a mark. Marks without distinctive features, expressions, designs and signs of immoral character or contrary to public policy, portraits or emblems of individuals without their permission and marks likely to deceive the public are among the things that cannot be registered as a mark. Our aim is to present high quality service at reasonable cost to all clients all over world.

If your filed mark is accepted, the Trademark Registrar should, according to the Law, notify and provide details concerning the mark to the Federal. A Trademark Registration Certificate is then issued to the applicant. The entire registration process starting from filing of application to the issuance of Certificate may take approximately 4-6 months and also depends on which country you are applying.

10 Benefits of Trademark Registration

1. No one can use your trademarks, logos or design as its your property
2. Similar marks or look like marks also can be rejected by registration laws
3. First come first serve. If you come before your competitor, you will get more benefits than them.
4. Nationwide ownership as on registration date
5. Serves as evidence of the validity and exclusive ownership of the mark for the goods.
6. You can use ® Symbol on your product, logos and services.
7. You can sue in federal court against your damages
