Article published on June 3rd 2012 | Business

Sketch and color it with your own imaginative colors. Now your sketches wonâ€™t appear lifeless and dull as you can use any colored copic marker to color them as per your own wish. These markers are made by a reputed brand and are easy to use. If you are a costume designer then you must know the importance of these markers as after the initial pencil sketches of the wedding silhouette that you are designing these pens are used for coloring and shading the desired areas so that you can get a fair idea as what exactly your costume would look like.

As these marker pens have a square body for easy grip and two nibs- one for thick strokes and the other for thin and more finer strokes hence these pens can easily create a heavy saturated look by pressing hard and pulling the color up to provide that painterly effect. As there are a wide range of markers, pens, inks, paper and airbrush system available by this Cricut machines hence you do not need to worry about anything when it comes to colors. You can create shadows by just adding second marker coats. As the ink is refillable therefore you donâ€™t need to think about buying a new pen when it runs out of ink.

Moreover, the ink is alcohol based and is permanent and non-toxic. Therefore, the layers of the marker ink work superfine even when given a second coat and becomes more saturated. All these color pens have been designed keeping in mind the essentials of coloring and hence are low in odor making them ideal to be used in small rooms. As they have been developed by a renowned brand so their body markings do not rub off even after repetitive usage. All the inks which are being used are made from Ethanol and alcohol extracted from plants. They are environment friendly and being waterproof does not wash off.

If you have been searching for some accessory for your art or craft, which can make those fine lines appear more realistic then go in for this reputed company as you would surely be overwhelmed by the results that you attain after using their products.
