Could a Kyocera Taskalfa 3050ci be a useful addition to your office? by [Julia Roger](#)

Article published on January 6th 2012 | [Business](#)

Devices which can perform a wide range of tasks are useful in any office space, and office managers looking to buy items which can cut the amount of time employees spend booting up different machines could be interested in a Kyocera Taskalfa 3050ci.

A Kyocera Taskalfa 3050ci is a combined colour multifunctional system which can print, scan, copy and fax. This amazing machine can deal with a maximum monthly duty cycle of some 150,000 different pages. This makes the Kyocera Taskalfa 3050ci a brilliant option for a busy modern office, and the Kyocera Taskalfa 3050ci machine's ability to deal with various different sizes of paper makes it a convenient solution for all sorts of tasks.

A Kyocera Taskalfa 3050ci strikes the balance between powerful performance and efficiency, and even when pushed to its limits by an extremely busy office, its output levels will not drop and staff can be sure that they can rely on it maintaining an impressive working speed.

A Kyocera Taskalfa 3050ci can deal with between 25 and 65 full colour pages each and every minute, making it the absolute number one choice for those who need top quality and speedy colour printing.

If the Kyocera Taskalfa 3050ci sounds like a device which could be useful in your office, then come to us here at BAC Office Equipment and talk to our team about your office requirements. We have a wealth of experience in helping people find the right machines to make their working life easier, and we can help you with your Kyocera Taskalfa 3050ci choice.
