Article published on June 18th 2012 | Business

An experienced Yacht Surveyorwill have a great working knowledge of all different kinds of yacht, and will be able to bring this knowledge to each and every yacht surveyor job they carry out. A yacht surveyor should take many different things into account when carrying out a survey on a vessel, but some of the most important points a yacht surveyor should cover include the condition of all parts, the cosmetic appearance of a boat and its age and number of nautical miles covered.

If you are looking for a yacht surveyor to help you carry out the sale of your vessel then visit us here at Southern Marine Surveys and benefit from our years and years of v yacht surveyor experience. Our yacht surveyor professionals have backgrounds in the marine sector, aviation, aeronautics and engineering, and this means that all of our yacht surveyor teams offer comprehensive surveys created using their unique combination of skills and knowledge.

Those looking for a yacht surveyor can benefit from our experience no matter where they are based â€“ we do not charge for the first 120 miles of travel to carry out yacht surveyor work, and our areas of work include Surrey, the River Thames, Oxford, Essex, Kent, Sussex and Hampshire, as well as London, Middlesex, Berkshire and the Channel Islands.

If you are hoping to sell your vessel and you need a reliable yacht surveyor with the experience you need to be able to check out the condition of all aspects of your boat, then visit us here at Southern Marine Surveys and use our professional yacht surveyor services.

We are a leading provider of yacht surveyor work.
