Esources Scam-The Real Facts are out in the Open by Brad Smith

Article published on November 29th 2011 | Business

Is esources scam a real thing? The portal has been in the news for some rumors about some scam activity in recent times, which however, has been roundly denied by administrators. It must be mentioned that these rumors do look like the handiwork of some disgruntled elements and have never been substantiated despite esources throwing down the gauntlet many times.

It is pretty evident that the esources scam is fabricated news. Members registered with the largest trade directory service in the UK are undivided in their view that esources is the best thing to happen to their e-commerce businesses. Members get to enjoy a series of trading advantages apart from having access to the most reliable directory service in the UK.

â€¢ Unmatched Database and Growing Wholesale Products List

Esources has the largest database of verified suppliers and genuine dropshippers. Rampant online frauds have made the task of locating genuine suppliers akin to finding a needle in a haystack. Suppliers are the backbone of any online selling business and can make the difference between a winner and an also ran. Members get easy and unrestricted access to the best suppliers and dropshippers in business. The wholesalers list has individually verified wholesalers, distributors, importers, exporters, manufacturers, and dropshippers.

New and upcoming retailers are spared the hassle of having to verify the past track records of their preferred suppliers. They can just go ahead and view wholesale prices. They can place orders for quality products by contacting the suppliers directly and list requests for quotes and product lists. There is no fear of any esources scam. Esources ensures that all the suppliers listed are professional business houses. Scammers and fly-by-night operators just do not stand a chance.

Esources is the fastest-growing wholesale products directory in the UK. You can easily source brand-new wholesale merchandise, overstock, clearance offers, surplus lines, and even customized products from specific UK manufacturers here. Online trade retailers are fully aware that esources is the easiest way to find wholesale goods and supplies at low prices, giving them opportunities to make attractive profits consistently. The fact that they donâ€™t have to fear any esources scams is an added advantage. It obliterates the need to research the suppliers on their ownâ€”a tiresome and time-consuming chore.

â€¢ The Undisputed Favorite of the UK Trading Community

Esources has clearly emerged as the favorite destination of trade buyers and suppliers. It is playing a major role in fulfilling the need for reliable and easily accessible information about the best suppliers and top-quality products as well as the latest profitable offers. The UK online trading community believes that esources is a paradigm directory service that others would do well to emulate. The administrators are constantly exploring options to provide a better and more convenient trading experience to member buyers and sellers.

Rumors about an esources scam have not made any difference to the popularity of the trade directory, nor have the subscriptions slowed down. The directory service continues to be relentless in its commitment to expose fraudulent elements and online scammers. The endeavor is to provide a safe trading platform to the UK online business community.
