Article published on June 18th 2012 | Business

Dr. APJ Abdul Kalam says, to establish the beautiful minds of people and a corruption free country, the key societal members are a mother, father and a Teacher. A teacher is the person who takes in the responsibility of imparting knowledge and various skills to its students by means of the books and physical training. One of the fundamental goals of education is to communicate the culture from generation to generation.

A child at home gains the knowledge of the responsibilities towards the society, parents, relatives and their culture, while at school they learn different things that contribute to their upbringing. The education starts from the birth of a child and continues throughout their lifetime. People who do not know from where to begin, donâ€™t have to worry now.School is an organization designed to provide education to students under the direction of trained teachers. In the learning process, the students progress through series of schools which include pre or play schools, primary schools and secondary schools. In many countries the government has declared the primary education compulsory for every child.

There are many Schools in Janakpuri, Delhi which are working efficiently towards building up a beautiful future of the students. Encompassing all the facilities, the schools are providing your students with a superior infrastructure and various sports like football, basketball, volleyball, badminton, hockey, cricket and swimming. Here the students are provided with athletic field, playground, and gym, auditorium for theatrical and musical production to be staged during different events, libraries, computer labs and science laboratories with the well ventilated classrooms. The co-curricular activities provided by these schools helps in the all-round development and growth of competitive spirit amongst the students.

The staff of Schools in Janakpuri is well trained and provides motherly love and affection to the children. Apart from this, the teacher- student ratio is also managed efficiently to incur proper attention on each and every student who is the part of school. They main purpose of these schools is to provide the positive and best environment of learning to the students.

The Play Schools in Janakpuri also known as kindergarten or pre-school, work towards promoting childâ€™s mental and psychological growth. Apart from academics, the child also learns team work, good etiquette, unity, sharing and responsibility. Children are like sponge which absorbs everything that is poured on it. Allowing them to start learning from an excellent school setting molds them into a responsible and a hardworking citizen of the future.

The schools are affiliated to CBSC, ICSC and state board but the Top Schools in Janakpuri are generally affiliated to CBSC board.
