ROCKSTAR GAMES PRESENTS Grand Theft Auto V, a next installment in Grand Theft Auto series developed by Rockstar Games. The release date of the game has not yet been announced, but it would be consistent with its prior releases. Grand Theft Auto V is being developed for Xbox 360 and PlayStation 3. There is no information about development for Wii U or Windows Platform. Once again the game begins its victorious thrilling striking journey.

The game once again is set in San Andreas, the California-inspired region, within Los Santos and its â€œsurrounding hills, countryside and beachesâ€•. The game will feature a wholesome thrilling gameplay, as seen in its official trailer. The game will feature mission-based gameplay, generally its features include planes, a working gym, smashing police chases and jet skis, these features makes gameplay appear a spiritual one. New features included in the game gives GTA V a bold new direction ahead. The story will focus on â€œthe pursuit of the almighty dollar in a re-imagined, present-daySouthern California.â€•

Dan Houser (co-founder and the co-writer of Grand Theft Auto V) at Rockstar games has revealed that the game will offer a multiplayer integration support with Max Payne 3, and also said that multiplayer is a more important part for our future games, will be making multiplayer deeper and richer.

All in all Grand Theft Auto V will be ROCKSTARâ€™s biggest hit up till now and the awesome video game of all time.The Game features more precise and epic gameplay and it includes a new feature, â€œoptical camouflageâ€•, it is actually a prototype, which makes Ghosts more invisible, Ghosts become harder to see. Camouflage remains activated while player moves at a snailâ€™s pace, but it gets deactivated when the player moves too quickly, or even starts firing. The Game offers both the single and the multiplayer mode; it in fact offers various multiple modes which includes cooperative and competitive game types. The game is completely cooperative campaign featuring competitive multiplayer and also a new wave based mode. The game offers four distinct types which are Saboteur, Decoy, Siege and Conflict. The game is also much secured when it comes about its online-play, with used copies of the game the player will not have access to its play, reason being it provides access by code-input and itâ€™s just a one time use code. During the gameplay, the places that the story will be revolving around are Russia, Nigeria, Norway and Pakistan.
