Article published on June 12th 2012 | Business

In present time graphics cards are essential for enthusiastic gamers & professionals belonging to fields such as visual effects, animation, digital content creation & operations using CAD/CAM heavily. While console gaming is more popular in developed nations due to reasonable pricing, PC gaming still has the edge over console gaming in India leading to high demand for graphics card. Also rising numbers of digital content creation & CAD/CAM professionals in India also ensures significant market for professional graphics cards.
