Highland Cottages - Complete Peace by Julia Roger

Article published on April 23rd 2012 | Business

India is one of the most popular tourist destinations in the world. Due to this, there is a busy hospitality industry in India. Consequently, there are many lodges and hotels in the country, which are flourishing. There are many lodges and hotels around the country, which assert their quality services. As an exact opposite of the fact, these statements are seldom validated, as there are rarely genuine resorts around the country. The Gulmarg is one of the sites in Kashmir that is well known among travelers and it offers various alternatives of accommodations like hotels, lodge etc. Resorts situated in Gulmarg are famous among the youth and there are various places in Gulmarg where one can be at peace and enjoy completely.

There are various highland cottages, which presents an ideal opportunity for travelers to run away from the dullness of city life. They offer an absolute retreat from the exterior world. They are positioned along small country lanes that are seasoned with trees and flowers on both sides. The lodges and cottages are encircled by tall alpine trees and gardens. Some of the highland cottages and lodges have a typical ancient, royal world construction built in a conventional style like self catering inverness. The rooms have a typical built in facilities the most modern equipment and travelers do not feel disconnected from the actuality of contemporary life. Some of the facilities, one will get inside the rooms are color television ,central heating, air conditioning, in-bed heaters and running hot and cold water. Gulmarg Srinagar has many choices.

Tours to these locations can be arranged for at quick notice by consulting the hotel owned traveling agency. One can plan outings to various picnics locations, which includes the surrounding scenery. Apart from these things, there are various modern facilities like tennis court and discothÃ¨ques, in the hotel itself, which makes it an ideal spot.

It also has conference hall in the hotel, which is appropriate for corporate meetings as well as wedding receptions. As a guest, one can also utilize of the contemporary tools for business purposes such as audio visual and projectors tools.
