Article published on April 23rd 2012 | Business

Eloise, Elena, Opal, Andrew and Wilma are not coming back to the State of Florida, but their friends are. These are not names, from Floridaâ€™s Facebook account. These are hurricanes, and 2011 is setting up, to be a very stormy year. South Florida will get more than its share of those.

Hurricane protection in South Florida is a specialty only a very few are equipped to handle properly. Only one company stands out, among this elite group: Gold Coast Hurricane Shutters and Fence.

Gold Coast specializes in custom storm shields for any window or entrance, no matter the size or shape. All manner of custom designs are available, because Gold Coast is also the premier manufacturer of hurricane protection in South Florida.

It just doesnâ€™t get any better or easier for the homeowner, builder or architect, than to include Gold Coast in their design or retrofit, protection plans.

In accordion shutters alone, Gold Coast is one of the largest manufacturers, in the world, and all of Gold Coast Hurricane protection products are Miami/Dade or Florida Building Code Approved.

Gold Coast also offers a full line of Fences, Aluminum Balconies, and Gates in any design, style, or color, with 100% customer satisfaction guaranteed.

Gold Coast is a customer service oriented company that believes in 100% customer satisfaction.

When it concerns, hurricane protection in South Florida, you can trust, award winning,

Gold Coast Shutters and Fence. They couldnâ€™t be easier to reach.

In Broward County call: 954-472-7766. In Palm Beach County call: 561-395-5530 and in Miami/Dade County call: 305-480-5885
