Improving the Business Work Flow Significantly Through BlackBerry Enterprise Server by Samantha Cole

Article published on March 9th 2012 | Business

It's only ordinary to find a business or company that utilizes the BlackBerry Enterprise Server software. This software has come to be an elemental part in guaranteeing a coordinated and secure workflow for any business or company that operates it. BlackBerry has recently unveiled the most current edition, the BlackBerry Enterprise Server (BES) Express 5.0. Perhaps it's time that you view the numerous benefits that BlackBerry Enterprise Server Express software can give you and your company.

BES Express 5.0 offers you not only with an exclusive access to your calendar, work contacts, and email, but also offers you and your IT department a highly stable and easy to operate wireless solution to your daily business transactions. If you already have an Internet-capable Blackberry service plan, BlackBerry can be obtained for free, and you no longer have to spend for any added software license costs for your business. Additionally, you don't need to pay any supplementary charges monthly. The bills you pay once a month for your wireless provider will also include your BES services.

BES Express 5.0 Requirements. For a user to utilize (BES) Express 5.0, he needs to have two requirements: 1) a Blackberry smartphone and 2) a subscription to an Internet-capable BlackBerry service plan. A business IT officer will need to have 1) the most current version of Microsoft Exchange or Windows Small Business 2) to download and set up the BES Express software on the previously mentioned software. If you're an end user, your IT officer will simply include your BlackBerry smartphone into the system so you can commence to use the service.

BES Express 5.0 Features. BlackBerry Enterprise Server 5 has the best business email features that enable you to link your work email account to a remarkably safe company email system. It is also plausible to connect your BlackBerry inbox to the inboxes of your other email accounts so you won't have to handle two inboxes. An email deleted from your BlackBerry will be erased from your other inbox too.

BlackBerry Enterprise Server Express 5.0 also has advanced calendar features. It will be no trouble for you to view or download your calendar attachments and forward them to your co-workers. You can also see your co-worker's status if they're busy or free for the moment. This makes setting up your meetings remarkably effortless.

If you've ultimately determined to get the BlackBerry Enterprise Server v5.0 for you and your business, feel free to ask your wireless supplier about it right away.
