Ladders Melbourne by Pravinda Fernando

Article published on February 2nd 2012 | Business

Ladders Melbourne is owned by Team Systems (Vic) Pty Ltd commenced operations in April 1994 and has grown to become Australia's No. 1 Manufacturer of Trolleys to Industry. The Team Brand Trolleys are designed and manufactured to the highest standard and are acknowledged by Australian industry as the premium product.

Manufacturing operations are located in Dandenong, Victoria and the entire product range is available through key representative agents in Perth Western Australia., Queensland, New South Whales, South Australia., Australian Capital Territory, and Tasmania. The reputation of the Australian Made brand of materials handling equipment stands firmly by its motto "Materials Handling Equipment with Muscle".

Throughout its history, Team Systems has established strong partnerships with major Australian suppliers to complement its product range. Major suppliers include: EHI Wheels & Castors, Hills, and Viscount Plastics. The acquisition of Nuplas Plastics in Dec. 2003 and sourcing of new overseas markets has allowed the company to source and provide the best available product to meet industry demand.

Ladders Melbourne now enjoys leadership status with a broad-based product mix of locally manufactured trolleys, safety cages, hand trucks, specialty built trolleys and an extensive range of quality imported materials handling equipment.

Ladders Melbourne has since its inception built a business that's strength relies on its people, and their commitment to build the company name and meet the challenges of the customer's demand and requirements.
