Article published on February 15th 2012 | Business

Looking for a landlord system software free trial can take time, especially if you know exactly what features you are looking for. MyPropertyManager offers a free trial to software designed for both residential and commercial properties. The landlord system software free trial provides these features:

Database to store the property features and amenities

An online rental listings at MyPropertyManager.com that can be searched by potential applicants all all over the world

One-site tenant information records

Access to necessary landlord forms, such as leases, eviction paperwork and property protection forms

Vendor information

The landlord system software free trial from MyPropertyManager gives you a one-stop organizational and marketing tool that is easy to use, and since it is free to try, you can spend the time testing the software to make sure it does everything you want it to before you buy it.

Once you try the MyPropertyManager landlord core system, you can pay a low monthly fee to gain access to the full system. Since the fee for using this software is paid monthly, that means no long-term contracts locking you in. The paid landlord management system includes such features as:

The ability to track your mortgage payments, insurance, interest, home ownerâ€™s association dues

Track tenants rental history and due dates

Review applicants employment, past rental and credit history

Receive maintenance requests from clients and forward the requests directly to the vendor

The system is easy to use and the site for My Property Management, offers customer support, training manuals, how-to articles and videos to help you get the most out of the system as quickly as possible. After all, you want a system that saves you time, not takes up more of it. MyPropertyManager also offers additional client services such as eviction services and bill payment services.

Signing up for the MyPropertyManager landlord system software free trial could not be simpler. Visit MyPropertyManager today. You can be testing the software today instead searching through hundreds of online listings that offer half the services for more money.
