Mongrel Boots : a new mentality about wearing shoes by Jaguartools

Article published on November 26th 2011 | Business

The main Mongrel slogan was : â€˜â€™Because what you do makes a difference to the boots you wearâ€

For more than 70 years Victor has been making footwear for labor force of Australia. They made Victor Shoe boots in Australia for Australian workers since 1930. Their new manufacturing facility in Sydney now manufactures work boots representing the latest technological advances in their industry.

Mongrel : A diversity of collections that fit to what you do

The Mongrel SP series was originally designed to incorporate the most important technology, comfort and safety in a single premium range. Now that they have taken this foundation and created a line with all the best technologies as well as individual features to create boots that meet the needs of their carriers.

If you are in the mining industry or working in very difficult environnent, there is the rubber sole additional SP-R Spec series. If you need good ankle support, but as many business relations with public in general, you should take your boots on and off frequently - there ZipSiders â€“ or the SP-Z Series.

SP-P Series is based around the initial premium styles and contain many favorites of Mongrel. SP-S series is the Sport light-weight aluminum safety cap and unique sporty tricolor technological advances. And if you want a bunch of basic security with value for money in leather, you will love the strong commercial range - SP-T Series. And if you do not need steel toe - SP-N is the range of non-security protection.

And also Morgrel have adapted the SP series with an all new line of shoes under the brand OrthoTec. Now OrthoTec combined with your choice of Mongrels SP Series will result in the perfect boot for you, your feet and the work you do.

New Boots built on strong foundations of high specification.As with any job worth it - the key is to create a solid foundation. Each of the styles of six specialists offer comfort and security key breakthroughs that are common to all occupations.

Getting a pair of Mongrel Boots is very easy for you. You can even buy online from our site otherwise Mongrel Boots are available from a wide range of outlets including specialty stores, work clothing stores and can be found in various leading retailers of the quality shoes.

If you want to find an outlet near you could contact Mongrel company by mail, phone, fax, email or use the Finder Boot Mongrel.
