Payment Protection Insurance (PPI) policies were planned to cover up the cost of loan repayments in the unseen circumstances which could affect the capability to make payments. The concept of payment protection insurance is not a bad one; the problem is how it has been sold - or mis sold by financial institutions or banks. In these circumstances applying for PPI claims are necessary. However, no matter how required and beneficial this PPI claim policy is, some people will have the tendency to misuse them and manipulate them for their own advantage. Around 74% people have PPI policy, but what is shocking is that 42% of these policyholders claimed that they were clueless as to how they held ownership of these policies. In situation like this in which a dealer has not explained fully what this policy is all about, then a mis sold PPI is received by borrower. With this known blunder, youâ€™ll need your PPI refund to stability off your financial property. Firstly it is important to know that PPI Refund will only be paid in the case your lender admits mis-selling Service finds in your favor.

If a company which sold PPI Policy to you realize it was immoral for you and accept that it didn't check your conditions correctly earlier to selling policy to you, then you are able to make a PPI claim for mis-selling. It means that the company has sold you a fraud PPI policy. After that you can terminate the policy and achieve a PPI Refund. Monthly payment and duration of loan are the two major factors compulsory to calculate the PPI Claim. PPI Claims Calculator may help you in finding your interest charges plus other charges which are added to the loan. PPI Claims Calculator is used to estimate the exact amount of PPI claim the information about balance transfers and types of insurance you may gain out with your credit card. PPI calculator helps when you need to calculate quality costs or make PPI reclaims. It is also known as PPI Claims Estimator.

Mis sold payment protection insurance policy will not cover the loan payments and never works for a customer when he or she needs it the most. Such customers can easily have PPI Refunds from the banks with the help of PPI Expert Glasgow.
