Article published on July 11th 2012 | Business

Professional Indemnity Insurance in Europe is about the market for and distribution of policies covering professional liability as it exists in ten countries in Europe: Belgium, France, Germany, Italy, Netherlands, Poland, Spain, Sweden, Switzerland and the UK. For 2006, 2010 and with a forecast for 2014, the study breaks down the market for professional indemnity insurance not only by country but also, on a standardised basis, by professional category with ten categories considered as follows:

http://www.bharatbook.com/market-research-reports/finance-market-research-report/professional-indemnity-insurance-in-europe.html

- accountancy and finance;

- architecture and engineering;

- broadcasting and publishing;

- complementary medicine;

- estate agency and property;

- IT, management and financial consulting;

- legal services;

- marketing;

- medicine, dentistry and other healthcare activities;

- and other professional sectors.

Furthermore, for each country, it identifies affinity schemes for professional indemnity insurance set up between professional associations and brokers or underwriters of this type of cover, highlights other key underwriters and brokers of professional indemnity insurance and other distribution channels used to sell this form of insurance, and discusses key issues associated with the market. As such, the report is the most comprehensive analysis of professional indemnity insurance in Europe ever produced.

You may be able to use this report and the accompanying PartnerBASEâ„¢ dataset in one or more of the following ways:

- to compare the size, growth rates and future prospects of professional indemnity insurance markets across ten major countries in Europe;

- to evaluate the potential for your organisation to target professional indemnity propositions at specific professions; - to understand the competitive environment for broking and underwriting by both country and professional category;

- to gain access to a single comprehensive source of information providing broker and / or

underwriter details for 430 affinity schemes set up by professional associations for this form of insurance;

- to appreciate which countries and professional categories offer the best long-term potential, which are already saturated with competitors, and what product or distribution innovations are occurring.Industry Analysis
