Save time and money with windscreen chip repairs from Impact Windscreens. by Mary Porter

Article published on July 20th 2012 | Business

Impact Windscreens are a totally independent vehicle glazing company based in Tamworth near Birmingham. With over 30 years experience in the windscreen chip repairs and windscreen replacement market we thoroughly deserve our great reputation and our place at the top of this very competitive field.

We deal with vehicles of all ages, all models, commercial and specific sports models. Our highly trained technicians will come to your rescue in the quickest time possible, and will either replace or repair your windscreen which ever is most suitable. We understand that in todayâ€™s fast paced world time as well as money is of the essence so our aim is to give you a rapid quotation for any work, typically you will have a quote within 10 minutes of enquiry. We want to be able to get on with the job as soon as possible, so once agreed our fitters are promptly dispatched to any location convenient for you, home, office or even the road side.

The quality of our workmanship is second to none and all of our workshops are PAS125 approved. We will liaise directly with your insurers for you and in most cases can directly bill them, so if you are fully comprehensively insured you only have to pay the excess. In the case of 3rd party insurance we will make sure you get the most competitive price for windscreen replacements.

We are firm believers that prevention is always better than cure and will always aim to carry out windscreen chip repairs as opposed to replacements where possible as this will asve you time and money. If your insurance includes cover for glass damage then windscreen chip repairs are usually free of charge. Again this service can be carried out anywhere; a special resin is injected into the chip restoring the windscreen safely and securely.

Call us on 0800 859 5249 for a prompt, professional service at the most competitive prices.
