Stag Weekends in Amsterdam: a Quick Round Up by [Julia Roger](#)

Article published on April 19th 2012 | [Business](#)

Amsterdam has more to offer than the usual pack of historical structures. As a matter of fact, stag weekends in Amsterdam come to life through activities like go karting, snowboarding, paintballing or treasure hunting.

When it comes to stag weekends in Amsterdam, soccer is another major draw. Additionally, a plethora of events keep an Amsterdammer's diary full round the year. So, what are things to do over an Amsterdam weekend? You can visit the football clinics, explore the city on a bicycle, sign up for football games or take a simple stroll down the road.

However, it is only after sundown that the city truly comes to life. The nightlife here is so scintillating that you just cannot afford to be a part of it without taking some rest after the daylong hectic sightseeing schedule. For added fun, register with a guided pub crawl service. It gives you an opportunity to try out different options of reaching the clubs scattered across the place. Hence, you can either choose to go there on foot or use the canal ways instead.

While you are in Amsterdam, you just cannot afford to give the excellent local cuisine a miss. From Italian to Mexican to Dutch to even American- the local restaurants specialize in a variety of cuisines. So, chances are that you will always find one matching your taste buds.

Amsterdam weekend is undoubtedly the last free-wheeling and open adventure you can ever imagine having. Could there have been a better way to spend your last weekend as a bachelor? Although the internet contains a myriad of information on the Dutch Capital, the database is still far from complete. You need to be in Amsterdam, to understand all that the city truly and majorly stands for.

And for the best stag weekends in Amsterdam, do speak to a local operator. There is hardly any dearth of professional tour conductors around and even if your locality does not have one, be sure to visit the Internet for more options.
