State Farm Agent Freddie Villacci and his team located in Chicago, Illinois have helped new customers with State Farm home, condo, renters and auto insurance quotes providing the best rates possible.

Most of the customers who changed carriers were in the market for an auto insurance quote or a home insurance quote in Chicago. Our office is able to provide State Farm auto, home, condo and renters insurance quotes within ten minutes.

We are happy to report that out of the 64 customers who received a State Farm Insurance quote from agency and switched to State Farm saved an average of \$277! Our new customers who took advantage of our multi-line (Home and Auto) and multi-car (2 or more cars) discounts saved on average \$359 per household. Our single-line (one policy) customers saved an average \$195. The biggest savings last month was a client who switched five policies from Allstate and saved \$515!

Our new customers from this past month were searching for an Insurance Agent to help lower their costs and to provide top notch service. Here is a breakdown of the carriers that our customers switched from in November:

Switched from brokers or substandard insurance companies- 22

Allstate- 14

Geico- 11

Progressive- 8

Esurance- 4

American Family- 2

Hartford- 1

Safeco- 1

AAA- 1

Month after month the biggest surprise we consistently hear is from our customers who never thought to get a quote from State Farm Insurance because they figured State Farm would be much more expensive than their current carrier. Typically, these customers are with a high risk or substandard carrier. We have found that they are very excited to save money, to have a State Farm Agent, and to have insurance with #1 Auto & Home insurer in the USA.

Auto insurance in Chicago can sometimes be competitive, but to have a State Farm Agent who is concerned with providing you and your family quality service while lowering rates for auto and home, our new customers are excited to switch carriers and get that extra value.
