If you do not love gorgeous cars and fast bikes, then there is a big question regarding your â€œbeing humanâ€• status. Humans, love speed, style and we. It is very much in our nature. We love to drive fast automobiles that include both the four and two wheelers. Almost every one of us dreams of buying a Ducati, Volkswagen, BMW, Enfield, or a Ferrari, isnâ€™t it? Surely it is. Having an expensive car/bike enhance the status of a personal and allows him/her to enjoy rich comfort in travelling.

During he earlier days, it was quite difficult to purchase a car/bike with limited financial stability. However, time has changed and the scenario is not the same as it used to be during those past eras. Banks and other financial institutes are available who are offering loans and installment facilities to the common people for purchasing of vehicles. The repayment time is mostly quite long (72 â€“ 84 months) to make the client face with minimal difficulty.

Many youngsters get involved in dangerous driving, merely for fun and adventure. However, in the process, they sometimes end up causing some serious harm to their as well someone elseâ€™s life. Dangerous driving can lead to some kind of accident, and in most case, itâ€™s ugly and severe. There are instances where such reckless driving can lead to even death of the driver, passenger, as well to someone walking through the road. Hence, it is always requested to follow the traffic rules while driving those fast cars and motor cycles.

In case, you are driving offences by the traffic officer, things may become complicated. Breaking the traffic rule will result in serious penalties. With more than 12 penalty points in your license over a period of 18 months, you may face exceptional hardship. This will let your driving license being banned for a minimal period of 6months. The ban can extend according to situation. So, be careful while you drive and try to follow the traffic rules in the strictest of ways possible.
