Article published on July 19th 2012 | Business

One can say, that something really terrible is happening to our mother earth. Each day, or say every hour, there is minimum one breaking news blinking on the Television screens regarding some horrible natural disaster some where and in some corner of the world. Is it true that the end of the world has come very near? Because otherwise, how would only natural disasters or calamities form to be the major portion of the breaking news and that too on daily basis?

However, the breaking news is not just limited to these natural calamities. Human still undertake many crimes and there are still many things done by us which needs to be showcased to the world in the form of latest news. There are so many events taking place all over the world and especially in our very own country. One such Latest news that has been occupied by the news broadcasters all over Mumbai is about the education systems of the city. It has been at least 2 months since the time; the news about educational system is doing the rounds. Each day, you open your news papers you would find at least one or two pages dedicated to the students.

Earlier there was latest news about the paper leaks which are still doing the rounds of every course that students opt for. Later on, there was news regarding the unprofessional system of the faculty of the universities. Strikes by teachers, inappropriate system of the educational system etc are showcased by the newspapers on daily basis. These news which are provided by the broadcasters is too aware the people about he injustice and stress which is laid upon the future generation of the country and thus try to rebel against this.

Another issue is also doing the rounds of the news is about the various bans being imposed upon different issues like the ban of cartoon images in the text books of the children. All this, just reflects the poor governing system of the country. It only depicts the saddening condition of the country. One can get more information about these topics through online news too. Online news is indeed the best way to get instant access to the latest news regarding these issues and various other issues. So stay in touch with the breaking news of the world and the nation through online news websites very conveniently.
