Article published on December 14th 2011 | Business

Are you tired of your monthly plan? Not getting enough of your moneyâ€™s worth in your existing mobile contract? Perhaps The One Plan from 3 might be the â€˜oneâ€™ for you. It utilizes great features and offers flexibility to the customer so letâ€™s explore the various options that you can choose from.

3 has a variety of options available including fixed term contracts, pay monthly plans and rolling contracts according to the mobile you choose. The One Plan from 3 offers customers 2000 minutes anytime on any network, 5000 texts in addition to extensive data usage over a period of 24 months.

This plan incorporates a variety of benefits on calls, texts and data to give you ample usage of your phone. It is also the most ethical option for those who want to make calls to other networks at anytime of the day without having to undergo additional charges. It is quite a cost effective plan for business users and those social butterflies that are always texting or making calls.

This is a very attractive offer especially since you can choose the plan with one of the latest mobile phones available. Blackberry is an especially popular choice as it has extensive features; it is an innovative smart phone design in a range of different models. If you are looking for a smart phone it may be worth considering investing in a Blackberry 3 Mobile.

There are a variety of Blackberry models to choose from with 3 which offer a range of options. For those of you who prefer the classic Qwerty keyboard then you may like the Blackberry Bold 9900 which has a 5 mega pixel camera, HD video technology and 8GB internal memory.

Blackberry Bold 9900 has a stylish design using stainless steel and is known to be one of the best Qwerty keypads which also incorporates touch screen technology. If you want the best of both worlds with the innovative price plan you should consider the 9900 as it enables you to use both the keypad and touch screen facilities at your leisure.

If itâ€™s a total touch screen youâ€™re after then you may prefer to choose the Blackberry Torch 9810. This innovative mobile has features such as BBM, 5 mega pixel camera and the New Blackberry 7 Operating system which gives you enhanced speed and downloads on the internet. Packed with a variety of features this smart touch screen phone is ideal for business users, app fanatics and anyone who wants a classy phone.

The BBM Blackberry Messenger allows you to send messages instantly to your friends or families who also have a Blackberry phone. The facility works just like a chat facility on the internet and is a great alternative to texting. BBM is free to use if you have a plan with the internet and can be downloaded onto your Blackberry. Blackberry 3 mobiles come in a range of price plans to suit you and if you are interested in getting a more specific plan such as for texts or calls alone there are other alternative options to choose from.
