Article published on May 1st 2012 | Business

A convertible is among the classiest automobiles individuals of every age group appreciate driving. Its distinctive design provides a sense of independence that gives an exhilarating driving experience. Convertibles need not be costly, and car lovers in St. Catharines have the advantage of locating a great bargain from the used car dealerships located within their area.

Convertibles first came out in the 1920s. Its exceptional feature is a retracting hardtop system invented by Ben P. Ellerbeck for the vehicle brand, Hudson. Soon, some other brands used the convertible feature. In 1941, Chrysler made its first convertible called the Thunderbolt. In 1953, The Ford Motor Company designed Continental Mark II and paid out nearly $2 million on a servo-operated retractable roof.

A convertibleâ€™s roof can be retracted and folded away to alter a car from an enclosed vehicle into an open â€œrooflessâ€• type. The roof is constructed from a soft or stiff material. Soft-tops are made out of canvas or vinyl whereas hard-tops are made from steel or aluminum. A soft-top convertible is referred to as a cabriolet, cabrio, or spyder; a two-seater is a roadster, and a hard-top convertible is marketed as a coupe convertible or coupe cabriole. A two-seater convertible is a coupe roadster.

Other kinds of convertibles are categorized into mainstream and luxury. Mainstream convertibles are sold at discount prices whereas luxury convertibles are higher in price and usually cater to a niche market. Globally, the most popular retracting hard top models are those produced by BMW. Other brands like Ford also produce top quality convertibles.

The car dealers in St Catharines provide the 2007 BMW Z4 Roadster. This rear-wheel drive, manual transmission, two-seater features a two-door compact convertible. It features a traditional, manually-operated convertible soft-top, rain-sensing wipers with heated wiper jets, 17-inch alloy wheels, and tilt-telescoping steering wheel. Its interiors consist of leather or vinyl upholstery and six-way adjustable seats for optimum level of comfort. For leisure, the BMW Roadster is designed with a high quality 10-speaker audio system.

Among the cars for sale in St Catharines includes the 2011 Ford Mustang, which features an automatic transmission and rear wheel drive. The Mustang features cruise control, 17-inch alloy wheels, keyless entry, and full power accessories. Its 3.7-liter V6 engine is all-aluminum and can yield 280 lb-ft or torque and 305 hp.

St Catharines car dealers supply their customers with new and used cars within their budget. There also are different models and makes to pick from. If you would like to read about convertibles, visit ehow.com and sooperarticles.com.
