Thinking of carving out a creative niche under your staircase to store some tiny things? California Closets is the right entity to turn towards! Headquartered in California, california closets is a popular closet company that provides customized storage solutions for any corner in your house.

Starting from under the reeves to under the stairs to every nook and corner of your home, California closets are experts in adding a touch of innovation and creativity to every inch of unutilized space for:

â€¢ Maximizing storage

â€¢ Giving a creative look to your home

If youâ€™re looking for creating additional storage space in your house, California closets gives you the ideal 4 spots in your house which could be effectively utilized for all your storage needs.

Below the Stairs: The space beneath the stairs is an ideal storage space for items such as shoe racks, tricycles, even extra linens, jackets and the like. California Closets work towards effectively designing this small space..

Loft / Attic: The second area that one can capitalize on is the attic. Since as much as 30% of the total floor area of a house might remain unutilized as the loft, use california closets to carve out a perfect reading room, craft room or your kidâ€™s play room at the attic.

Crawl Space: Crawl space refers to the low and narrow space beneath or in between storeyâ€™s of a house which the workers use to access the plumbing and wiring..

Basement: This can be termed as one of the most favourite storage spaces of all. But apart from the usual â€˜dumping groundâ€™ use of it California Closets provides some beautiful designs for the basemer to be remodeled as a wine cellar, a game parlor or even an extended family room.
