Various Features of the Lavazza Espresso Machine by Julia Roger

Article published on December 10th 2011 | Business

Lavazza is one of the biggest names in the coffee business. It is an Italian company. The quality and value of their products is unmatched by any or all. It is well known for producing both coffee and the machine that prepares it. Be it at your home or office, Lavazza espresso machine prepares the best espresso coffee, ground coffee and cappuccino.

The most extraordinary lavazza espresso machine is named as the Matinee and EP 850. Each having their own distinctive features, they can produce both cappuccino and espresso coffee. The machines are really easy to handle and their compatibility with various users is unquestionable. The Matinee machine is bigger of the two and thus is mostly used in offices, restaurants and coffee parlors. Matinee comes with three programmed espresso settings and manual settings as well. Besides physical preparation of coffee, Matinee has three different automatic espresso settings. As already mentioned, EP 850 is used in household activities due to its smaller size. Thus using the Lavazza espresso machine you can enjoy the refreshing taste of coffee or espresso along with its superior fragrance after a tiring day at work, enjoying the comforts of the home. But it is devoid of any programmed features and also lacks other features like cartridge loading or removal of the steam that is otherwise present in the Matinee version.

The look and design of the lavazza espresso machine is of premium grade. It can easily fit into any modern kitchen, regardless of the interior decoration. With lustrous stainless steel bodies, they are effortlessly stylish. The price of the machines varies depending on their size and is mainly on the higher side. While a Matinee comes at something between 800-830 pounds, the EP 850 is available at a mere 150-185 pounds. Coffee has become an intrinsic part of our fast life, which can always be our warm companion with the help of the Lavazza espresso machine.
