Article published on April 26th 2012 | Business

Your hands are your treasure and we know how to take care of them. Beautiful hands demand a lot of care and sensitivity. Washing hands frequently all the time and maintaining them adds to the personal hygiene as well as the beauty of your hands. Dyson engineers understand the need to be gentle and yet effective with your hands and have designed the Dyson hand dryer especially for you.

Dyson hand dryer is not a simple run of the mill product. Dyson uses superior airblade technology and digital pulse technology to gently but effectively dry your hands in a matter of few minutes. The superior air blade technology purifies the air before gently blowing into your hands and thus eliminates the chances of any harmful bacteria reaching your hands. What more, it consumes very less energy making it the only energy efficient equipment in the pack.

We know that the hand dryer is used constantly and needs to be rugged. Dyson hand dryer has an aluminium casing with vandal resistant body painted with attractive colors like Metallic silver, Gloss lacquer making the dryer look stylish and sophisticated. Dyson hand dryer suits the interiors of any hotel, office or home and adds to the aesthetics of the washrooms.

Dyson hand dryers are equipped with touch free infra red activation option and can dry the hands within ten seconds. With Dyson you will enjoy a 5 year warranty and immediate shipment commitment from us. Support is only a call away.

Who else but Dyson hand dryer can deliver a 99.9% bacteria free performance? Dyson hand dryer enjoys the trust of thousands of satisfied customers who depend on it on daily basis to maintain personal hygiene. With Dyson hand dryer we do not promise you an earthly experience. We deliver an enjoyable experience in your hands leaving you feeling clean and dry and beautiful all over.

When you buy a piece of equipment that you are going to use daily, you look for the brand reliability and proven performance. Dyson hand dryer gives you both reliability and promise of performance at affordable cost.

Check it out for yourself and we are sure you will join the team of our happy customers right away.
