An Insight into Mens Suits and its Types by [Rachel E. Levinson](#)

Article published on April 17th 2012 | [Clothing](#)

Mens suits have always been quite complicated but with the help of several online retail sellers, you can come up with the best one that fits you well. The most basic and formal attire in men's wardrobe would be a suit but still, there are loads of confusion in it. So it's time to come out of the confusion. Here in this article you will be able to clear and sort out the perplexity concerned to suits and its types.

Each and every man needs a classic suit in his wardrobe whether it's for professional environment or daily basis they are a must. It could be worn for a professional event or for any wedding or birthday parties.

The main aspect to note down is the correct fit because a loose fitted or tight fitted suit will look weird irrespective of the personality, so it is a must to concentrate on the size first. Then it shall be spotted to other areas like the occasion type, suit fabric, color and others.

Different types of suits: the suits types are not that much complicated and it is quite easy to select the one that is best for you. Simply continue reading to know the selection criteria! Before that let us see what the different types are.

• One button suits

• Two button suits

• Three button suits

• Double-breasted suits

One button suits are unique, rare and they are much in fashion. In fact they are the most versatile of all suits. They are apt for all styles including for business purposes. On the whole they are stylish and charming.

Two button suits are the most common type and it works well on any body type and people who are plump can also look slim on this type of suit.

Three button suits give a contemporary come youthful look and they are sure to look best on slim people.

Double breasted suit, this is the most formal type of suit that brings out the professionalism of a man and they are a good choice for men who are taller.

As a matter of personal choice the suit shall be preferred but the thing to note on is the occasion type, wearer's complexion and suit material.
