If you are particularly keen to appear stylish and arrest the attention of all the guests in any gathering, opt for a slim cut suit. With the cut somewhat narrow at the waist and legs, this suit will look sleek, trendy and strikingly different from the traditional menâ€™s suit. A slim cut suit can be the perfect attire for an office function, a church gathering and many other formal occasions.

Apart from a tapered waist, slim and slightly tapered legs a slim cut suit should have point-to-point shoulder measurement. A slim cut jacket will have a narrower lapel, smaller and softer shoulder pads having two instead of three buttons.

Another aspect you should bear in mind is the slim cut suit pants feature a lower rise and a slightly shorter length unlike standard pants. They also have a flat front instead of a pleated one, which will further heighten their sleek and trim look.

If you are endowed with a muscular frame, pronounced legs or a wide waist, then a slim cut suit may not the best choice for you. People with thin physical body need not always go for baggy suits to hide their thinness and instead look stylish wearing a slim cut suit. In fact, people with a slight or lean frame tend to benefit the most from this mens suit.

Even men of moderate build can opt for slim cut suits provided they find the right type of suit to match their shape, there are some expert designers who can create slim cut suits that may have a slimming effect on your body. Slim fit suits can really look stylish on many men, if they patiently spend time trying different styles. But, you should select a men's slim-fit suit only if you are comfortable with its close fit and sleek look.

You should be able to stretch and bend easily in your suit. Make sure that you that you have free movement of your arms. If by wearing a slim cut suit, you feel weird then opt out.

There are plenty of shops you can visit if what you are looking for is a truly sleek and well-tailored slim cut suit. Slim cut suits are becoming increasingly popular as you will find them filling the rails of clothing menswear shops nowadays. Most of the top fashion houses have begun to focus their marketing efforts on their slim cut suits. When deciding on slim cut suits there are two important factors you need to look into -: Cut and Fabric.

The choice of pleats for your trousers is simply a question of personal preference but pleats are better for those with larger bellies and not so good for thinner people. Worsted wools are the best choice for a slim cut suit. Gabardines and mid-weight corded wools are also excellent choices. Always remember the rule - that good fabric will always spring back to its original shape without wrinkling after it is squeezed.

Slim cut suits should certainly be slim (true to its name) but with out appearing tight. A good variety of American slim cut suit s will create the sleek silhouette and yet look fabulous. A lot of slim cut suits are today available in contemporary fabrics. A simple and easy way to buy the right slim cut suit is to find a tailor that specializes in slim cut suits.

When buying a slim cut suit, you will have to strike a balance between classic and modern styles. To get the right idea of a stylish slim cut suit, please watch Daniel Craig in the James Bond role.
