Stunning Cocktail Dresses Patterns for Bottom-heavy Ladies by Annabel

Article published on May 21st 2012 | Clothing

The most versatile attire which is suitable for you to take part in many different occasions may be cocktail dress. Of course, generally speaking, the events that the special style is worn are often late mid-day or early evening matters which are too casual. It is knowledge to pick out a flattering pattern to highlight your unique glamour. Of course, before making a decision, you should take your figure into consideration and discover something which will balance her figure. It is a rule that you should make sure the gown can show off the best features of the wearers. Different people feature different body types. If you are bottom-heavy, go on reading and the content below will give some tips to help you find a favorite cocktail gown.

First of all, the patterns with a full skirt should be landed on the list of the best choice. Not only will it conceal the parts that you are not confident of, but also it offers you a good chance to accent your slim waist. A-line or long ball gowns with natural waist are specially designed for you. Especially, the versatile A-line is easy to become a favorite in any girlâ€™s closet. With a bow, or nice belt around your waist, I believe that it is easy for you to become the center of attention.

An alternative choice available for a lady with pear shaped figure is really an outfit that sports a business-style waistline. The clothes with empire waist have got the waist placed greater, therefore tugging your eyes for the shoulders, the neck and also the face. Additionally, it drapes and touches upon within the lower body. On the one hand, the high waist line can draw peopleâ€™s attention from the waist. On the other hand, it will lengthen the proportion of the body, making you appear taller.

In addition, another option open for women featuring such body type is really an outfit that's either sleeveless or bustier, as well as a flaring skirt. Again, baring the arms and also the shoulders works well in drawing attention from the sides. Either way, the short cocktail dresses that accentuate your topper-part of body are ideal for you and conceal the lower body.

There is no doubt that you should stay away from the tight styles such as sheath which will wash out your beauty. It is also worth noting that the cheap cocktail dresses with v-neck are not ideal options and the reason is that the v-neck can draw peopleâ€™s attention to the lower body.

It is necessary to select some proper accessories to match your attire in order to leave a lasting impression. In a general way, the importance is that they will help keeping the illusion of balance on the woman's figure apart from putting on the best type of wear.
