Womenâ€™s Bags by Jennifer Winnett

Article published on December 5th 2011 | Clothing

If youâ€™re after the hottest womenâ€™s bags then River Island is the place for you. From clutches to shoppers and satchels to suitcases, they have bags of style!

Of course, womenâ€™s bags are an essential for carrying all your belongings, but they also make great gifts. With Christmas fast approaching itâ€™s a good time to treat others (or yourself) to a gorgeous and unique bag from River Island.

Clutch bags are ideal for party season and make a glam finishing touch to your going out look, but the hard part is choosing just one â€“ youâ€™ll be spoilt for choice with metallic, colourful or embellished clutches in an array of sizes â€“ fortunately with prices as low as Â£15 you donâ€™t need to be limited to only buying one.

For something a little more practical for day, womenâ€™s shopper and tote bags are just the thing â€“ these handy bags may be simple in concept, but with styles in all of this seasonâ€™s hottest colours and patterns, theyâ€™re anything but boring. You may also want to look to a chic shoulder bag to carry around, and with stunning designs in both PU and leather fabrics you wonâ€™t be disappointed in the selection at River Island. For something a little different and truly indulgent, donâ€™t miss their oversized feather or Mongolian fur handbags â€“ a real treat at high street prices.

Getting away for the weekend? Their womenâ€™s luggage includes matching suitcase and vanity cases that will ensure you travel in style.

Whatever type of womenâ€™s bags youâ€™re looking for, youâ€™re sure to find it and more at River Isla online or in-store.
