India has each non-public and public universities, several of that are supported by the govt of India additionally because the state governments. Excluding these there are non-public universities supported by varied bodies and societies. Universities in India are recognized by the University Grants Commission (UGC), which pulls its power from the University Grants Commission Act, 1956. Additionally, fifteen skilled Councils are established, controlling totally different aspects of accreditation and coordination. Each and every state of India has its own state faculty board, beneath that act totally different faculties. Delhi University (DU) is one in every of the biggest universities in India and solely holds over one hundred fifty faculties situated in Delhi. Looking on-line one will simply realize list of colleges in Delhi that are controlled by UGC. Obtaining admission into these faculties is completed by entrance exams conducted by central government. Same is that the Bangalore University however has comparatively less range of faculties than that of Delhi University. List of colleges in Bangalore has many government and personal colleges running beneath UGC.

The types of universities controlled by the UGC include:

Central Universities: These universities are established by Act of Parliament and are available beneath Department of upper Education within the Union Human Resource Development Ministry. List of colleges in Chennai beneath UGC has approximately twenty colleges.

Deemed Universities: These universities are a standing of autonomy granted by the Department of upper Education on the recommendation of the UGC. There are a hundred thirty deemed universities running beneath UGC as of year 2008. List of colleges in Delhi coming back beneath Deemed University is kind of massive with over fifty colleges.

Private Universities: Private universities are approved by the UGC however admissions into these faculties are conducted by faculty management team. There are many non-public universities in India that conjointly admit students on the premise of All India Entrance Exams ranking however most of them grant admission by their own management quota. They conjointly grant regular degrees approved by UGC. As range of scholars are increasing day-by-day and it's out of the question for state universities to accommodate mass into central universities. Thus, role of personal universities has helped lot in building career aspects of scholars. List of colleges in Bangalore that is privately managed is innumerable.

Autonomous Universities: Though these don't seem to be affiliate faculties however they are doing fall beneath the executive management of the Department of upper Education. a number of acknowledge organizations are the Indian Institutes of Technology, National Institutes of Technology, Indian Institutes of Science Education and analysis, Indian Institutes of Management and others.
