Fashion Designing is the art of designing clothing and accessories. Fashion design has been influenced by cultural and social aspects, and has varied over time and place. Fashion designers work in a number of ways in designing clothing and accessories.

Creativity is dragging the fashion industry into a new world. Fashion Designing courses are formulated keeping in mind the demands of the industry by supplying highly talented and creative fashion designers in different verticals. Some of the popular fashion-designing verticals include garments, jewelry, footwear and luggage.

The Fashion Designing course includes a vast field of studies including design, concept management, design production, quality control, planning, printing, fashion merchandising, and marketing. Fashion institutes in India offer undergraduate and post graduate programmes. These programmes will give students an opportunity to gain practical knowledge by working with leading industry people and their associate companies.

Some of the common Graduate programs in Fashion Designing are Degree/Diploma in Fashion Design, Degree/Diploma in Leather Design, Degree/Diploma in Textile Design, Degree/Diploma in Accessory Design, Degree/Diploma in Knitwear Design, Degree/Diploma in Fashion Communication.

Additionally a Degree/Diploma in Fashion Technology in any of the above-mentioned fields may be offered by these institutes. There are the three types of Master's program offered under Fashion Designing. They are Master of Design, Master of Fashion Management and Master of Fashion Technology

There are many Fashion Designing colleges in Delhi. Some Fashion Designing colleges in Delhi are Mod'Art International Institute of Fashion Design and Fashion Management, Kulpvriksh Career Planners Institutes, International College of Fashion, Dreamzone School of Creative Studies, Academy of Applied Arts, Satyam Fashion Institute, International Career Academy, Exterior-Interiors design College, National Institute Fashion Technology, Gemmological Institute of India, Raffles Design International, JD Institute of Fashion Technology etc.

Students willing to join Fashion Designing colleges needs to be a 12th pass out in any stream with 50% marks to apply for any course in fashion designing. Many colleges conduct entrance examinations followed by group discussion and then personal interview round, which is the final round deciding the students admission in the college of fashion designing.

After completing the Degree/Diploma in Fashion Designing, the candidate may be absorbed in associated fields such as Textile Design and Technology, Accessory Designing and Fashion Designing, Garment Manufacturing, Apparel Marketing and Merchandising, Knitwear Design and Technology, and Fashion Journalism. Various career options available to Fashion Designers include Fashion Designer, Fashion Consultant, Fashion Illustrator, Fashion Coordinator, Fashion Stylist, Merchandizing Executive, Fashion Show Organizers and many more.
