You set high standards when you decided to apply to IMT Nagpur for your MBA. That was probably the wisest decision of your life.

IMT Nagpurâ€™s students are the ones who set the B-School apart by going out there into the world and proving their mettle. It is with great pride that we welcome every one of the 2012-2014 batch into our midst. â€œLearning never ends. Nor does the imagination ever stop working. Both play an equally important role in the success of an individual. First he has to imagine what he wants to achieve and then apply his learning, knowledge into achieving what he has imagined,â€• said Dr. Rajendra Nargundkar, Director, IMT Nagpur.

The two years that you spend here will define you, helping you realize your true potential. From here you will step into careers that will make a difference to the world of business and industry. Some of you will find that boundaries do not exist at all as you soar higher and higher into the beckoning limitless horizon.

Our faculty, the finest from across industry, will help hone your capabilities and drive you into going beyond the levels you set for yourself. There is a saying, that may sound clichÃ©d, therefore true. It goes like this â€“ if you aim for the stars, you will reach the treetops, at least.
