Laptop: One of the Most Popular New Age Computing Devices by Sushant-tech

Article published on July 3rd 2012 | Computer

Laptops have become one of the most sought-after devices at present time. These gadgets have got tremendous usage almost everywhere starting from academic institutions, government offices to commercial organizations as well as for personal uses too. The market is pre-occupied with a wide range of laptops with varied features, configurations and designs. All the leading names like Dell, Sony Vaio, Toshiba, Acer, Lenovo, Asus, HP and HCL have produced amazing laptops till date. These companies have earned great accolades in the market by launching some outstanding laptops. Various laptops are available in the market.

One of the best laptops from Dell is the Dell Vostro 1540. This gadget comes with a screen size of 15.6 inch screen and is powered by Intel Core i3 380M processor, delivering excellent performance. Besides, the device comes with an internal memory of 2 GB DDR3 memory. On the web-cam front, you will find an integrated 1.3 megapixel web camera. The user can also enjoy movies on these laptops with its HD WLED anti-Glare display.

Another laptop that has gained great momentum in the market is the Sony VIAO E Series SVE14116GNB. It comes with a hard disk drive of 500 GB and runs on Windows 7 Professional (64-bit). The gadget sports a display of TFT Color Display with VAIO Display and LED Backlight. Powered by Core i5 (3rd Generation) processor, this laptop is equipped with a chipset of Intel HM76 Express. The computing device supports an expandable memory up to 8 GB. Moreover, the device is packed with an optical drive of DVD SuperMulti Drive.

Market study also says that Toshiba has also been doing wonderful business across the world. Toshiba has achieved great acclamation in the market with its C Series laptops. One of the sophisticated laptop belonging to the C Series of Toshiba is the Toshiba Satellite C Series C665-P5012. The computing device has all the potentialities to give a stiff competition to all the other brands in the market. You will find this laptop to be simple yet elegant at the same time. Having a display of HD Clear SuperView LED Backlit TFT CSV, this gadget is loaded with multi-touch touchpad. This C Series laptop also sports a 15.6 inch screen and is fuelled by Intel HD Graphics processor. Further, the laptop is loaded with two USB 2.0 ports, a mic in, a VGA port and a multi card slot.

Apart from the above mentioned brands, there are also numerous other brands, who have amazed the consumers with their highly advanced laptops. Some of these include HP Pavilion G6-2005AX, Lenovo Essential G Series G580, Asus K55VM-SX086D and Samsung NP300E5Z-S08IN, to name a few. The contemporary laptops are also mostly available in slim and sleek designs, but it should be noted that these are compact and sturdy also at the same time. If one goes through the latest Laptop Review, then he/she will realize that the modern day laptops have longer service life, durability, and excellent battery back-up, and are developed incorporating cutting-edge technology.
