Traffic Magnet - Semi Automated Best SEO Software by Chris Wilson

Article published on January 30th 2012 | Computer

Traffic Magnet consists of The core Traffic Magnet software, The Spin Wizard, Trakr, and Twitter Magnet.

The Spin Wizard is a tool designed to help users spin their submissions and helps with any type of content the software submits. Every sentence can be rewritten using different words. Users can also spin individual words and phrases. This application was designed to help users that donâ€™t understand the typical code used to tell different software programs how to spin their content.

Trakr is a simple software designed to clearly indicate where visitors are coming from and identify keywords that should be targeted by users in their content based marketing. Answer specific questions and provide basic statistics and users receive a report with bar and pie graphs showing what is working best for them. This software also features the ability to upload a logo or graphic for consultants to provide to their customers by Top SEO Companies.

Twitter Magnet is a scheduling tool that is hosted on the userâ€™s web hosting plan that automates the process of tweeting. It includes 21,000 jokes and quotes, which have shown to attract â€œretweetsâ€• and followers interested in what the user is saying on Twitter by Best SEO Company.

In 2007, Google SEO revealed exactly what to do to get ranked in the top of their search results when they released their Universal Search program. By integrating blog results, video results, news results, image and local results, they showed smart marketers exactly what they should focus on to gain positioning for the terms that will drive sales.
