ACR – the Best in Their Field [by Jeo Spelman](#)

Article published on March 27th 2012 | [Customer Service](#)

Experience is really the best teacher and that is also the case why ACR is the right company when you are experiencing meltdowns in your appliances. Now, people will be able to have an access to their capabilities by visiting their website www.a-c-r.co.uk.

ACR has been perfecting their craft of fixing and maintaining appliances for over ten years for the people in London. Famous electrical companies such as Admiral, Maytag, Amana, Atag, JennAir and Traulsen have been loyal to the services of ACR due to the fact that they can execute their job well. The residents of London will not trust this company if it is not for their reputation of delivering the best services. For this reason, ACR is already known to be a connoisseur in this field. Such experience also harnessed this company to fully understand the highs and lows of their business and can guarantee a 100% satisfaction from their customers.

The company is composed of electrical engineers that are not only masters in their skills as well as able to grasp the right services to please their customers. Joining together hand-in-hand, they are able to give the work that the people want that leads to the continuous success of the company. The engineers of the company are members of Air Conditioning and Refrigeration Industry Board, an organization that regulates the services provided by its members to the society. Also, the company itself is a member of Refcom Certified Company, a group that strongly inhibit the use of F-gas in respond of saving the planet from the catastrophic damage it can produce.

ACR offers repair and maintenance of all kinds of electrical appliances and can also attach new compressors to refrigerators. They know the hassle that their customers are experiencing brought about by faulty gadgets and ACR will take that burden for you by fixing your appliances. The company can also provide maintenance check on your appliances to safeguard your safety and also to save you from further loss in the future. However if your appliance is just hanging by a thread and it can no longer be fixed, ACR can offer trade-in with a brand new appliance at a reasonable price. Furthermore, if you are in the hopes of finding catering appliances on sale, ACR can extend a hand and help you in your problem.

The years of practice give them the upper hand in fixing and maintaining devices so it is logical to go for those who are experts in this field. They are known to perform the job in a level that will meet the demands of the customers since they are accustomed to the work that they are doing. Their friendly and dedicated approach to the people makes them approachable and their skills to be reliable to your needs.

To avail on the services that ACR can provide, you can contact them through their office in London, 0800 634 3060 or 0207 870 9645. For those who are living in Saint Albans, you can give them a call in their telephone number, 01727 220725. Nonetheless, you can also visit their website stated above and fill up their contact form. .
