Article published on May 4th 2012 | Destinations

Australian skilled migration visa is for those who have certain degrees and skills that are in demand in Australia. If a person has proficiency in specific field and also some relevant work experience then he or she is eligible for Australian skilled migration visa. Eligibility for this kind of Visas Australia is assessed by points system. The applicants need to earn points in various categories. With a boom in the employment industry many skilled workers are getting encouraged to enter this country for job purpose.

Australian skilled migration visa allows the people from overseas to work in this country and this is based on the educational background and skills of the applicants. Among the various kinds of Australia visas available, this is solely aimed at hiring the efficient and skilled personnel from across the world. With the help of this Australian Visa the country can have people who can enhance the economy of the country.

Things to know about General Skilled Migration Visa Australia:

This kind of Visas Australia allows you to stay in this country for a maximum time period of five years during which if eligible one can apply for permanent residency. The Australian Migration visa also allows spouses, partners and dependent children.

For applying for this job you need to be within 18 and 49.

Aimed at employing skilled people from around the world the assessment for the applicants is done by a point test. Points are offered definite categories like age, occupation, work experience and English language ability. Based on the points obtained in the test, the eligibility is determined.

It is important to have your skills assessment by relevant authority. Proper evidence of your work experience as well as qualifications is important. These are going to be assessed against nominated occupation.

Point is allotted for proficiency in English language and sufficient documents are needed as a proof of this.

While applying for this kind of Australian visa you need to nominate a job from the Federal or State SOL lists.

As a proof of character valid proofs like police clearance certificate where you have been living for one year or more must be provided.

To ensure that the applicant is not suffering from any severe disease, they need to go through various health checkups.

Applicant must obtain a minimum of 65 points to qualify for this visa.

For gaining additional points, job offer from a recognised Australian employer, qualification proof for studying in Australia, will help a lot. Those who have relatives in Australia need to provide residence status of the relative as well as evidence of relationship to have better scopes.

When you get through the skills assessment successfully you will move on to migration application

stage where you have to prepare your application and submit along with the documents needed.

Handling the Australian Migration Visa is not that difficult, but as you are doing it for the first time, it might seem to be confusing to you.
