Malaysia Who Has Raised a Little Asia in Itself by Sonu Yadav

Article published on February 13th 2012 | Destinations

Cleaved into a peninsula and an island by the great South China Sea, with a population that is cultural mix of Malay, Chinese and Indians mostly lays the beautiful country of Malaysia. Beautiful and pristine this multicultural land is indeed a haven for the different cultures that exist in Asia.

The peninsula and the island are two contrasting features of this breathtaking country. The peninsula part of Malaysia is fast growing and modern while the island is still green and brimming with nature. The different mix of culture and races in Malaysia shows that she has managed to raise a small Asia within herself with love and affection. If you want to see the worldâ€™s largest continent contained in a nutshell then Malaysia Tours is the best way to do so.

The beauty of nature laced with different ethnic groups and spiced with fast growing modernization is best relinquished with Malaysia travel packages. This particular destination has been a one stop destination to experience the different cultures and way of life in the vast continent of Asia.

The country has something for everyone like Santa Clausâ€™ bag of goodies, and just like the jolly nature of Santa, Malaysia is one of the most hospitable countries of the world. With its diversity to bring an exquisite charm to the country, Malaysia Tour Packages gives you a list of a few things to do and places to visit when here.

Taman Negara- this is a national park in the Titiwangsa Mountains and has a variety of tropical trees, plants, animals and insects inhabiting it. This tropical rainforest is a must visit to see the great wildlife and natural beauty of Malaysia. Walk on the canopy walkways that dangle from the trees. Be amazed by the size of the trees and the variety of flora and fauna that fill the forests. It is truly an amazing experience to walk through the deep jungles of Teman Negara National Park in Malaysia.

Pulau Tioman- crowned as one of the most beautiful islands this island is situated off the peninsular coast. The island has itself surrounded by white corals and is a delight for the divers who go searching for underwater beauty. The island is thickly vegetated with forests and makes it look really green and beautiful.

Petronas twin towers- this is the former champion of the worldâ€™s tallest buildings and an architectural wonder of the modern times. With an astounding 88 floors this building gives you a scenic view of Kuala Lumpur, the capital city. There is also a skywalk at the 41st and 42nd floors which is simply amazing to walk upon.

Langkawi- this is the best known holiday destination of Malaysia as a whole. It is made up wit an archipelago of 99 islands and they are afloat in the Andaman Sea. When one visits Malaysia this is a must see, be and enjoy.

This diverse land has so much to see and offer that words arenâ€™t quite the things to describe this place. It is best known and enjoyed when traveled to.
