Article published on May 2nd 2012 | Destinations

holiday accommodation cairns is plenty in number. Several hotels, inns, guest houses, and luxurious apartments are available to accommodate tourists coming from different parts of the world. Cairns is probably the most visited tourist destination within Northern part of Queensland region, Australia. In fact, Cairns is situated at the farthest north of Queensland. But that doesnâ€™t create any negative impact on the overall popularity of this place. Tourists from different continents come to visit this place. However, heavy rush of tourist can be experienced mostly during winter season. Summer is quite hot and humid. But, plenty of rain does occur during summer season. Highest amount of rainfall takes place in between January till March.

Most of the hotels available in Cairns are expensive. The rental charges during pick tourist season are so high that sometimes it becomes real tough to spend weekends in this beautiful scenic city of Australia.

When you are travelling with a big group, then opting for a private apartment cairns will be the best idea. The initial rental charges may be a bit higher. However, there will never be any additional rental charges to bear. Everything will be included within the one-time rental charge. Apartments are fully furnished with beautiful interior decoration to look out for. Most of the luxury apartments do feature for beautiful lawn yards as well swimming pool facility. Spacious garage space is an additional advantage. Two storied apartments are ideal for groups of ten to twelve members. To search for the best luxurious apartment Cairns at affordable rates, indulge in a net surfing session. There are plenty of luxurious apartments available. However, you need to focus at the rates as well location of its establishment. Moreover, internal space availability is also another important factor to consider.
