If you are trying to hit the escape button and searching for a place that would take you away from the monotony of life and the grip of worries, then pause for a second. South Africa, located on the southern end of the continent of Africa, is a country that is distinctly different from others and a place bound to leave its mark on you. It is the ideal place for all those who are planning to get into the wanderer mode and discover much more than oneâ€™s figment of imagination can take him to.

South Africa tourism is an idea that could lead you to a memorable journey and a once in a lifetime experience. To know what life has in store for you, you need to visit the country at least once. In fact, South Africa has spent a lot to revamp its tourism section and invite people from all over the world.

South Africa, also known as the Republic of South Africa, is synonymous with diversity at its best. It is incredibly beautiful with its precious mix of multi- ethnicity, indigenous cultures, varied languages and dialects and natural beauty. And that is not all. Its diverse landscapes and terrains- desert, savannahs, wonderful wildlife reserves and parks, flowing rivers and lakes, symphony of flower beds, electrifying mix of marine life and authentic cuisines to name a few, the country of South Africa comes second to none as far as a unique tourist destination is concerned.

Namibia, Botswana, Zimbabwe, Mozambique and Swaziland are the neighboring countries of South Africa and it is quite interesting to know that the territory of South Africa surrounds a tiny enclave called Lesotho. The South Africa map will also show that it has a coastline that is thousands of kilometers long and cocooned by vast stretches of Atlantic and Indian Oceans. Besides, a look at the map of South Africa will not only tell you about its geographical position but much about its pleasant climate and weather conditions which play an important role in the minds of the tourists and travelers that visit or plan to visit the country.

Moreover, the country of South Africa has some of the oldest archaeological as well as human fossil sites found in the entire world which has greatly added to its importance on the world map. It is also a rich source of diamonds and other precious stones. It exports these to various countries all over the world.
