Article published on December 6th 2011 | Destinations

There are several tours that can be taken in and around Brighton. Brighton city centre hotel staff can often help to arrange any excursions or transport hire if required. Some tour companies offer a pick-up service from a hotel, a complete door-to-door service, others may have set pick-up and drop-off points at a central location in the city.

Tours available include walking tours around the city, led by knowledgeable guides who can add interesting commentary en-route, point out places of historical interest and help to keep the tour interesting by sharing little known facts about the area.

Brighton Marina Water Tours offer an intimate cruising experience for up to 50 people. It is an excellent way to see the sights of the city from a completely new perspective. From the tour it is possible to see attractions such as the Palace Pier. Coastal buildings that have an interesting history are also a part of the tour.

For something a little different, the Ghost Walk is an interesting way to spend an evening. Running three times weekly (Thursday, Friday and Saturday) the Ghost Walk follows the streets in the oldest part of the city, and perhaps the most haunted. The guided tour takes in some amazing sights while a full commentary provides interesting snippets about the area.

Tours to Preston Manor are available and are one of the best and most interesting ways to witness life as it was in the early 1900â€™s. There is a delightful walled garden and the house covers four floors including servantâ€™s quarters. Twilight tours and ghost tours are also available at Preston Manor.
