Booking bus tickets through online is an astonishing technology has been introduced in India for the ease of customers. No need to strain to book tickets by standing in queue. The customers can book bus tickets from their home without straining themselves. This bus tickets booking technology got a great expectation and reception among the people, who often travels in busses.

The passengers are allowed to book the bus tickets before one month through online services. In earlier days the passengers can book ticket only from inside the bus. But nowadays it shall be done through internet, mobile phones and travelling agents. The bus tickets booking in online will costs a little amount as service charge, as it is done through secure transaction wired system. Customers can use credit cards and debit cards to book ticket through website. Even passengers can book return bus tickets while book the journey through online.

To attract the customers, the private bus agents put forward a numerous offers, discounts etc, etc. They also operate bus services for various people under different economic conditions such as AC bus service with video facilities, ultra deluxe services and deluxe service for the business persons, which consumes more fare than other busses; normal busses and semi deluxe are for daily working persons; Double Decker and open top busses for the tourists sightseeing purposes. Nowadays most of the busses have the facility of audio and video to entertain the passengers and to make their trip enjoyable.

More than seven hundred travel agents operate bus services throughout India for commercial purposes. Some travel agencies provide complete bus ticket booking for functions like wedding ceremony, family tour and picnics. Nevertheless there will a slight fare concession for complete booking of bus. The bus can be booked completely for school excursion and tours.

Even though the technology has developed far better most of the people were not aware of the online bus ticket booking. So the bus agents provides offer and discount fare to attract the passengers through online booking. Even the government transport department provides the online booking services for both state to state travels and interstate booking.

As the result of latest technology the travel agents propose Interactive Voice Response (IVR) services. The passengers can use the service through mobile phones to book tickets or to reserve the tickets. It is the latest technology in this field. Some of the bus operators provide world class bus companies and models like Volvo, Mercedes Benz for state to state journey. It connects major cities of India like Chennai to Bangalore, Mumbai go Goa and Delhi to Agra routes. It gives the passengers an extreme travel experience that nobody had ever experienced.
