Article published on December 3rd 2011 | Destinations

When you are on a trip to South Africa, no wonders, your main motto will be to enjoy the unparallel wild life across the nation. If you are on a hurried outing and want to narrow down your visits, yet don't want to miss the unmatched wildlife of South Africa, make sure you travel to Kruger National Park. Nature has bestowed best of its boon to this place. You can get to enjoy a raw feel of life including its pleasures and dangerous at its best. The place is home to numerous types of trees and almost endless species of animals including 34 amphibians, 147 mammals, 49 fishes, 114 reptiles, 507 different types of birds.

If you want to experience the raw pleasure of this largest sanctuary of Africa, Kruger park safaris should be your choice. The area of the park is as huge as 90 kilometers going East to West and an outstanding 360 kilometers from North to South. This is fence-less place allowing the wilds roam around freely. There are nine trails to explore in and around the Kruger National Park; some of them being overnight options allow you to make the most out of it. The experience will be breath taking and certainly you will get to enjoy one of the best safaris of South Africa or may the best of world. The trails range from gravel roads to tar covered roads so you can go about your own adventure or you can opt for the more exciting way to see it all by going on a safari for a complete tour.

When you are in South Africa, you can be rest assure that you are going to get the biggest and best fun of your life. But to make sure you get to enjoy the fullest. It is advisable to do a little homework before venturing into it. The most important thing is to decide and look for a cozy, comfortable, beautiful place to stay.
