Article published on January 11th 2012 | Divorce

Residents in the Atlanta area who are seeking or considering divorce may wish to consult with an Atlanta divorce lawyer. Often times, divorce can be a complicated issue and even an amicable divorce may quickly develop into a quagmire as both spouses seek to come to an agreement. However, with the assistance of an attorney, it may be possible to turn the tables and secure a favorable result.

Types of Divorce

Broadly speaking, there are two different kinds of divorce: no-fault divorce and at-fault divorce. In a no-fault divorce, there is no allegation or proof needed of fault on behalf of either party. However, specific rules apply to no-fault divorces, and a period of separation may well be required before seeking the divorce.

On the other hand, an at-fault divorce is where one party committed some act that is incompatible with marriage. The most common example is that of adultery, although grounds for an at-fault divorce may exist under any number of circumstances. To determine if it is possible to seek an at-fault divorce, a divorce lawyer in Atlanta can often help with assessing your legal options.

Uncontested Divorce

In many cases, the divorce may be the result of a mutual agreement between the spouses to dissolve the marriage. This is called an uncontested divorce, and it is often more cost effective and less stressful to go through than a confrontational divorce.

Typically, spouses are already in broad agreement about the terms of the divorce before consulting with an Atlanta divorce lawyer. An Atlanta uncontested divorce may thus be the best way to go, allowing the spouses to settle any remaining issues amicably as well as reducing any preexisting agreements to paper. If no dispute exists as to issues such as property division, child custody or spousal support, court involvement need only be minimal.

In Atlanta uncontested divorces, it is strongly advised to retain the assistance of an Atlanta divorce lawyer even the filing of an uncontested divorce may seem simple. In filing for a divorce and in writing the divorce agreement, it is important that any ambiguities be resolved before both spouses sign the applicable papers. Otherwise, they may have to return to court again in the future. Working with a divorce lawyer in Atlanta may thus be more cost effective in the long term.

Contact a lawyer today

If you are considering or seeking a divorce, it is often helpful to consult with an attorney from an Atlanta Divorce Law Firm to learn your rights and obligations. Moreover, the divorce process can often be complicated, and the judicial system has a language all its own that may seem confusing if not intimidating to those not well-versed in it. By working with an experienced attorney who has deep and extensive knowledge of divorce law, it may thus be possible to successfully navigate the court system with an aim toward securing a fair result. Moreover, in an uncontested divorce, a lawyer can help with ensuring that the resulting agreement is air-tight and will not cause legal troubles down the road.
