Each game have Specific goal and play for Entrainment & Fun. Bridge is a very popular game and there are many online resources to help you get started also known as â€œauctionâ€• or â€œRUMMYâ€•. some basic Review of the absolute basics of how to play bridge card game, for complete beginners.

Bridge is a social game - as a bridge player you will never be short of friends and will enjoy an active social life and Bridge is a game that requires concentration and keeps the brain active. You will find bridge clubs online or bridge Shop you can join as well as Play online bridge or download bridge playing software on your Computer.

The Bridge game is played by 4 players, Divided two teams. Generally two pairs of partner referred to as North & South and East & West. Partners sit Cross side each other. One standard pack of 52 cards is dealt so that each player has 13 cards. Each player sorts their cards into suite (spades, hearts, diamonds and clubs).

The best bidding starts with the dealer. Each player counts up the total number of "high card points" in their hand. Card Count 4 points for each ace, 3 points for each king, 2 points for each queen and one for each jack. In Bridge If a player holds less than 12 points they say 'PASS'. This continues Move clockwise round the table until the first person with 12 or more points makes a bid. The general basic rule is that you should hold on at least 12 points for open the bidding.

Itâ€™s not just games for teams of two teams, like bridge, or spades, that have made the transition to the online world. It's also games like solitaire.

A suit bid (hearts, spades, diamonds or clubs). The exact bid (for example 1 spade, 2 diamonds, 1 No Trumps) will depend on the number of points in the hand and the distribution of the cards. One of the main purposes of the bidding is to interact with your partner and tell each other something about the subject of your hands to see if you can agree on the contract.
