AIEEE 2012 - All India Engineering Entrance Examination (AIEEE) - an Outline by Donna Summer

Article published on January 9th 2012 | Education

AIEEE 2012 opens avenues for regarding 40-50,000 dexterous students, willing to induce admission in varied fields together with Engineering, Technology, Pharmacy and design in a number of the top-notch schools in India. The decisive government body is Ministry of Human Resource Development, Government of India that takes the policy call to require up All India Engineering Entrance Examination per annum. This entrance examination is administrated to reduce the issues arising in front of well-deserving candidates seeking admission in a number of the well-reckoned schools in numerous corners of the country.

Usually conducted within the month of might, AIEEE 2012 calls solely those students for counselling who perform well within the entrance and secure a decent position or rank. AIEEE 2012 is chargeable for providing admission in country's nineteen National Institutes of Technology (NITs). Candidates are eligible for central counselling or state counselling solely on the premise of their All India Rank (AIR) or State Rank. SC/ST and physically handicapped candidates are entailed counselling on the primary and second day of the counselling. So as to make sure ease for everybody, candidates are offered the convenience to submit on-line application forms at AIEEE's official web site.

Eligibility- Any candidate who has passed final 10+2 examination of equivalent is eligible for showing the examination. Additionally, people who are showing for 10+2 are thought of eligible for the examination however they're admitted provisionally and want to submit their passing certificate at school XII qualifying examination. In case the scholar is unable to submit the mark-sheet, their admissions are cancelled.

Examination Pattern- Those choosing Engineering are tested in Physics, Chemistry and arithmetic and therefore the length is three hours for an equivalent with most marks 540 and an equal weight-age of a hundred and eighty every. Aspirants choosing design are checked on the premise of their performance in arithmetic and an inherent ability test.

However, there are actually some basic variations within the terribly core of the examination. the foremost elementary of them being the distinction between AIEEE and BITSAT paper pattern. The BITSAT paper is an internet exam which needs the scholars to take a seat in front of a pc and answer the queries as they seem on their monitor employing a keyboard and mouse. Every pc system is connected to a server from where the queries are fed into the system one by one because the paper is solved. This can be fully totally different from the type of paper-pencil check that AIEEE is.
