Fertility Calculator is method of helping you to find out when you are most likely going to be at the highest of being fertile, and when would be the best time to have intercourse so that you can get pregnant. This can be quite beneficial, if you have been trying for a while and it is not happening, this sometimes can be quite frustrating and can be depressing for both of you. By using a Fertility Calculator you can increase your chances of getting the right time to have sex as to the highest point when you are most like going to be ovulated. A Fertility Calculator is also helpful to tell as to what are the best times to have sex to make sure that you donâ€™t miss the ovulation days and as to what days you are going to be the most fertile.

Another great thing to have a look at is a Memory Book where you can record all the sweetest and cutest moments of you baby. Things like taking a little cute handprint, foot print, first ultrasound scan, babyâ€™s weight, babyâ€™s height and the first day you came home. These are just somethingâ€™ have a look at that you could put into your Memory Book. This is something really amazing that you could share with your child when he or she grows up and going over all those first things that you both did together.

Do help you get you through your pregnancy; we have specially designed a Pregnancy Week calendar which advises you of all the stages of your pregnancy on a weekly basis. It also tells you about all the healthy things that you should do and keep a look out for and all things that you should avoid during pregnancy. Pregnancy Week breaks everything down for you on a weekly basis and the things that you should achieve during this week.

Baby Record Week is a guide to help you with your baby during pregnancy. This tells about all the things that you should be feeling during your pregnancy and what you baby should be doing at certain stages of your pregnancy. Baby Record Book is a great way to keep on track of your baby is doing and is it doing all the things that it is supposed to be doing. If it is your first pregnancy you can sometimes get quite worries as to what is happening inside you and is everything okay. This sometimes can ending up making you very paranoid about things and get you seriously worried about your baby. But with this great record book it should help you put your mind at rest that whatever is happening is normal to happen.
